1. Public Comments. None.
2. Administration.
Minutes of 12/9/09 were approved unanimously.
Correspondence and other handouts were reviewed.
3. Bus Shelter Update. Following discussions with Town Attorney, Planning Dept. has decided that a zoning change is not needed in order to allow bus shelters with ads. The MBTA is exempt from local zoning, which would allow free-standing ads on their bus shelters. Laura and Jean will look at locations with enough bus boardings to qualify for a shelter, to look at the sites and measure sidewalk width (9' minimum is needed). Planning Department will pursue this with Selectmen.
4. New State Program requesting proposals. The State DOT has combined some older state programs into a program called "Clean Air and Mobility". Looking for projects that encourage non-vehicle mobility. Roughly \$2 million available for Boston area. To be discussed more extensively at February meeting. Laura will send info to Arlington Bicycle Advisory Committee.
5. Safe Routes to Schools. Mike met with the consultant from TEC for Dallin improvements, and found out that the Town will be responsible for obtaining any necessary easements from property owners abutting the project. Mike is preparing language for Town Meeting. Mike will share current TEC plans with TAC. Town Counsel will be sending a letter to the abutter on Rhinecliff.
6. Schools.
 - a. Brackett. John met with the Safe Routes Coordinator to map out various student routes to school. They are also developing a list of corners for snow clearance.
 - b. Corey mentioned that he will be sending a letter to the School Committee discussing the potential for moving a crosswalk on Pheasant Street at Stratton.
